

COPYRIGHT AGREEMENT

Author: _____ (the "Author")

Address & Phone: _____

Article Title: _____ (the "Article")

Journal: *The Journal of* _____ (the "Journal")

The Author hereby submits the Article to Pageant Media Ltd. ("II Journals") for publication in the Journal. The Author represents and warrants that (i) he or she is the sole owner of the copyright in and to the Article and (ii) neither the Article nor this Copyright Agreement violates any rights of any other party. The Author hereby assigns and transfers to II Journals the copyright in and to the Article, throughout the world. All other intellectual property rights relating to the Article shall remain with the Author. The Author understands that II Journals shall have the right to use the Article without restriction in any manner and in any media now known or hereafter invented or developed. If II Journals intends to make any changes to the content of the published article, it is required to seek prior written permission from the Author.

II Journals grants to the Author the following non-exclusive rights:

1. The right to use an approved (watermarked) version of the Article for strictly non-commercial personal use and for internal use within the Author's company or institution.
2. The right to distribute up to 25 approved (watermarked) copies of the Article, in either hard copy or electronic form, to parties outside the Author's company or institution.
3. The right to post on internal or external-facing websites the Article's title and abstract together with a link to the published Article on II Journals' website. In connection with such posting, the Author shall include a copyright notice in substantially the following form: "© [year of publication] II Journals. All rights reserved."
4. The right to use charts, tables, and figures from the article on presentation slides, but not in articles, book chapters, or similar formats consisting primarily of text content.

The Author shall remove any and all pre-publication versions of the Article from all websites (including SSRN and ResearchGate).

The Author understands and agrees that, except as provided above, any use, reproduction, or dissemination of the article is strictly prohibited, unless agreed to in writing by II Journals. Without limiting the generality of the foregoing, the Author shall not (i) post the Article to any file-sharing service (including SSRN and ResearchGate), (ii) distribute the Article at any academic or industry conferences or similar events, (iii) include the article in an academic course pack or similar compilation, or (iv) allow the article to be reprinted as a chapter in a book. **In the event that the Author violates the foregoing restrictions on use, reproduction, or dissemination of the Article, the Author agrees to pay II Journals damages equal to II Journals' then applicable rate for unrestricted distribution rights for the Article for the duration of the violation.**

The Author shall not publish or disseminate any update, sequel, or other work based on or derived from the Article unless such update, sequel, or other work contains at least one-third new content.

Any alterations to this agreement will be considered null and void unless agreed to in writing by II Journals.
